

AGRI VENTURES FZE
Let's grow the Future

FERTILIZERS

Powering growth through sustainability!

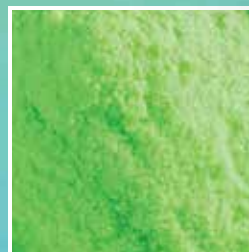

At Agri Ventures FZE, we are dedicated to providing farmers and agricultural businesses with top-quality fertilizers that support healthy soil, sustainable crop growth, and increased productivity. As a reliable supplier of a wide range of fertilizers, including NPK fertilizers, Urea, DAP, and more, we ensure that our products meet the highest standards of quality and effectiveness. With our comprehensive range, we cater to the diverse needs of farmers, ensuring they have access to the right nutrients for every stage of crop development.

Why choose us!

- Wide product range: From nitrogenous to phosphatic and potassic fertilizers, we provide complete nutrient solutions.
- Consistent quality: Our fertilizers undergo strict quality control measures to ensure superior performance.
- Timely delivery: We understand the importance of timing in agriculture, and we ensure fast, reliable delivery of our products.
- Sustainable practices: We are committed to promoting environmentally -friendly and sustainable farming practices.

We provide all certifications and MSDS, COA.

Powering growth and sustainability!

Agri Ventures FZE: Leading the Way in NPK Fertilizer Manufacturing

We are proud to be a key player in the manufacturing of NPK fertilizers, providing essential nutrients for healthy and sustainable crop growth.

Our high-quality NPK fertilizers are designed to provide the ideal balance of Nitrogen, Phosphorus (P), and Potassium (K), ensuring that crops receive the essential nutrients they need for robust growth, increased yields, and improved soil health.

With cutting-edge technology and rigorous quality control, we ensure that every batch of fertilizer meets industry standards and supports the agricultural community in achieving higher productivity and sustainability.

Why choose Agri Ventures FZE's NPK Fertilizers?

- Superior quality and consistency
- Customised nutrient formulations for various crops and soil types
- Environmentally responsible manufacturing practices
- Supporting sustainable agricultural practices for a greener future
- Ease of application - Soil application, foliar and fertigation

THE HIGHEST PRODUCTION NPK MANUFACTURING PLANT IN THE UAE

COMPLETE RANGE OF CROP NUTRITION PRODUCTS

- NPK Fertilizers (Granular)
- Water Soluble Fertilizers (Powder & Liquid)
- Urea, DAP & MOP
- Secondary & Micronutrients Fertilizers
- PGR & Biostimulants
- Organic Manure and Vermicompost

**WE ARE MANUFACTURER OF NPK FERTILISERS
(GRANULAR, POWDER, CRYSTALLINE & LIQUID) WITH CUSTOMISED GRADES**

NPK 15-15-15

- Uniform Granule Size
- Sustained Nutrient Release
- Balance Nutrition
- High Vegetative Growth
- Suitable for all Crops
- High Yield and Improved Soil Health

NPK 20-10-10

- High Nitrogen Content NPK Fertilizer
- Promote Strong Vegetative Growth
- Excellent Germination and Root Growth
- Enhance Quality and Stress Tolerance
- Highly Recommended for Cereal and Vegetable Crops
- High Productivity and Profitability

WATER SOLUBLE FERTILIZERS (POWDER & LIQUID)
